TSK range with oven - **TSK 60 CF**

Technical Specifications

Airtight Fire Door

Insulated Handles

High thickness steel boiler

Integrated heating circuit pump

Domestic hot water prevalence

Ready for installation on a closed vessel system

Boiler water temperature thermometer

Pre-heated Secondary Air

Side-opening Glass Oven Door

Oven with Steam-conditioning valves

Natural thermal convection on the sides

Self-cleaning Double-Glazed Ceramic Glass Fire Door

Length of vines up to 40 cm

Control unit with acoustic signals

Instant production of domestic hot water

Integrated thermal discharge safety system

Plate heat exchange system

Primary and Secondary Air automatic regulation

Stainless Steel Oven

Oven with Thermometer

Pyrolytic coated baking tray on Telescopic rails and

Oven grill grid

Technical Data

Length:590 mm

Height:1630 mm

Width:733 mm

Size of the Oven (lxhwx): 350x279x524 mm

Weight:310 Kg

Total Nominal Power: 21,6 kW

Water Nominal Performance: 14,7 kW

Heating Nominal Performance: 6,9 kW

Nominal Power Performance: 75,2%
